

**MASM**

# Mid-Atlantic Soft Matter Workshop

**June 9, 2008**

**University of Pennsylvania**

**LRSM Auditorium**

**3231 Walnut Street, Philadelphia**

**9:00 am to 5:00 pm**

## **Invited Speakers**

**Bérengère Abou**

CNRS & Université Paris - Diderot  
Laboratoire de Matière et Systèmes Complexes

**Robert Leheny**

Johns Hopkins University  
Dept. of Physics & Astronomy

**Scott Milner**

Penn State University  
Dept. of Chemical Engineering

**Greg Morrison**

University of Maryland  
Inst. for Physical Sciences and Technology

**Jeffrey Urbach**

Georgetown University  
Dept. of Physics

**Norman Wagner**

University of Delaware  
Dept. of Chemical Eng.

The Mid-Atlantic Soft Matter Workshop brings together researchers working on the science of soft matter, such as polymers, complex fluids, and biomaterials, for an informal meeting to exchange ideas and foster collaborations. There will be a mix of invited talks, brief contributed sound bites, and unstructured time. For more details and to register, please visit <http://masm.physics.georgetown.edu/>  
Supported in part by NSF DMR05-20020
