

9th Workshop on Science in Archaeology

Tuesday, March 6, 2012

This workshop will introduce teachers to the materials aspect of archaeology and make them more familiar with the various types of materials encountered in this field and their analysis. Lectures in Archaeochemistry, Archeometallurgy, Archeological Ceramics, and Bronze Casting Technology, will be followed by a tour of LRSM's shared experimental facilities. After lunch at the LRSM, there will be a tour of the Museum Ceramics Lab. and a visit to a local bronze casting foundry to observe the complete process in making a lost wax bronze sculpture.

For further information contact:

Andrew McGhie at 215-898-6461 or mcghie@lrsm.upenn.edu

This workshop is **FREE** and includes lunch, all breaks, and workshop materials. Enrollment is limited to 20 participants. Pre-registration is required, so please do so as soon as possible.

Participants are eligible for **Act 48 credits**

Morning Sessions at LRSM

- Archaeochemistry
Dr. Gretchen Hall, University Museum
- Archeometallurgy
Dr. Vincent Pigott, University Museum
- Archeological Ceramics
Dr. Marie-Claude Boileau, University Museum
- Old and New Bronze Casting Technology
Dr. Andrew McGhie, LRSM
- Tour of LRSM's Shared Experimental Facilities

Afternoon Sessions

- 1) Tour of Museum Ceramics Laboratory
- 2) Tour of Laran Foundry, Chester, PA

REGISTRATION: 8:30AM at the LRSM
3231 Walnut Street, Philadelphia, PA 19104-6202
